Sixth Assembly Jakarta, Indonesia

Date 11-14 April 2010

Theme *"Solidarity across Cultures: Working Together for Democracy"*

Objective The Sixth Assembly will bring together a richly diverse group of participants representing every region of the world in the spirit of shared democratic values. They will teach and learn from each other, build collaborative relationships, and thereby strengthen the World Movement as a network committed to mutual support, exchange, and cooperation.

Participants: Some 550 invited democracy activists, practitioner, trade unionists, scholars, policy makers, donors, and others engaged in advancing democracy around the world.

Agenda: To help ensure that it will be as focused as possible on the practical ways that democrats can advance their work and mutually support each other, the Sixth Assembly will mainly be composed of discussion workshops to maximize opportunities for participation and exchange. There will be no declarations or policy resolutions issued by the Assembly. A "Democracy Fair" will feature an exhibition area, technology training center, and video screening room, as well as space in which participants can educate each other about their respective causes and generate support for them. The last night of the Assembly will feature the presentation of the World Movement's Democracy Courage Tributes to groups and movements, selected by the Steering Committee, who have demonstrated extraordinary courage in the pursuit of democracy and human rights.
